GRADUATE PROGRAM

VU

RESEARCH MASTER BUSINESS DATA SCIENCE

Prof. dr. Francesca Sotgiu
Director of Graduate Studies

f.sotgiu@vu.nl
dgs@businessdatascience.nl

business
data science

GRADUATE PROGRAM

JOINT DEGREE

UNIVERSITY OF AMSTERDAM

VRIJE
UNIVERSITEIT
AMSTERDAM

TAILORED PHD TRAJECTORY

**25 TALENTED STUDENTS
CLOSE COLLABORATION
WITH FACULTY**

2-YEAR RESEARCH MASTER (120 EC)

HIGHER THEORETICAL LEVEL THAN TRADITIONAL MASTER'S

THREE PILARS

DATA SCIENCE FOUNDATION

Acquiring Skills

1st Year

Mathematics, Statistics,
Econometrics, Micro-econometrics,
Time-series, Simulation Analysis &
Optimization, Parallel Computing &
Big Data, Supervised Machine
Learning, Unsupervised Machine
Learning, Deep Learning, Natural
Language Processing

Bayesian Econometrics,
Reinforcement Learning, Precision &
Forecasting

BUSINESS FOUNDATION

Building Knowledge

Decision Theory for Business
Business Foundation
Introduction to the Departments

Track Electives

Tracks:

- Quantitative Finance
- Management Science
(Entrepreneurship & Innovation; Human
Resources & Organization; Marketing)
- Supply Chain Analytics

RESEARCH PRACTICE

Aligning Skills & Knowledge

Research Hackathon
Research Clinic

Research Master Thesis

Research Assistantships
Opportunities

2nd Year

business
data science

GRADUATE PROGRAM

STRONG COMMUNITY

DEDICATED LOCATION IN AMSTERDAM

TOP TALENTS

SUPPORT

- Apply for Scholarships
 - <https://www.eur.nl/en/education/practical-matters/financial-matters/scholarships-grants>
 - BDS offers basic, partial, and full scholarships to a small selection of first year students
 - In the second year, BDS assigns scholarships based on students' performance
- TA/RA positions are possible at the end of the first year
- Reimbursement of transportation costs from/to Amsterdam/Rotterdam

TIMELINE

	Year 1: Courses	Find your topic and supervisor – Work as RA
	Year 2: Electives	Thesis – PhD Application
	Year 3 - 5: PhD	

After BDS?

- Academia (comparable to other 5-year PhD programs)
- Regulatory bodies (Central banks; regulators (AFM; ESMA); EU institutions, ministries, ...)
- Industry (Banks, large companies with data science needs)

High to excellent earning potential in all the above

EXAMPLES OF THESES TOPICS for the MANAGEMENT SCIENCE & SUPPLY CHAIN ANALYTICS TRACKS

Marketing

Retailing (inflation/pricing, marketplaces, omnichannel, channel synergies, metaverse, blockchains, NFTs, etc.); Biases (algorithmic bias, discrimination, diversity, etc.); Branding; New Product Innovation (crowdsourcing, adoption etc.); Marketing-finance; Social media (eWOM, influencer marketing, engagement, multi-platform effects, owned social media, earned social media); Sustainability; Recommendation Systems

Journals: Marketing Science, Journal of Marketing, Journal of Marketing Research, Journal of the Academy of Marketing Science, International Journal of Research in Marketing, Journal of Retailing

Management, Organization, & Information Systems

HR Analytics; AI & wellbeing; Digital transformation; Technology adoption; IT governance; IT development and deployment;
ML for Innovation; ML for Creativity & Entrepreneurship; Data-driven Job matching; Text analyses for Leadership detection; Algorithmic management; Organization & job fit; Talent retention

Journals: Management Science, Information Systems Research, Journal on Computing, MIS Quarterly, Academy of Management Journal, Academy of Management Review, Organization Science, Journal of International Business Studies, Strategic Management Journal

Supply Chain Analytics

Multimedia, Computer vision and Information Retrieval for Improv.; City Livability; Multimodal interactive learning; Conversational Search; Geometric Deep Learning; Legal information retrieval; Recommendation Systems; Optimization for and with machine learning; Robust optimization (Optimization of food supply of World Food Programme); Stochastic systems (Appointment scheduling in healthcare); Explainable machine learning (Rule-based methods and counterfactual explanations)

Journals: Operations Research, Journal of Operations Management, Manufacturing and Service Operations Management, Production and Operations Management

ADMISSIONS

Requirements

Bachelor or Master's Degree
High GPA (> 7.5/10)
GMAT >700, GRE >160, TOEFL
(not for students with Dutch degrees)
Passion for Business, Data Science & Research
Programming skills

Deadlines

December 1, 2023	Scholarships
February 1, 2024	non-EU students
Rolling Adm - June 15, 2024	EU students
